

North Huish Parish Council

Variance explanation 2015/16

Box2 The Annual Precept was reduced from £2000 to £1360 because the exceptional work involved in 2014/15 re construction of a children's playground has been completed and no further financing for this was forecast for that year.

Box 3 The income for 2014/15 included grants and 106 funding for the construction of the play park. No such funding was available or necessary in 2015/16. Income reverted to a more normal figure.

Box 6 As for the income in box 3 there were no payments for playpark construction – the work having been finished.
